Projects

MYSTERIOUS CHAT | *React Js, Sass and Firebase* | [Link](#)

- Developed a chat application using React.js and Sass, allowing users to chat with other registered users, send images and emojis, and stay connected in real-time.
- Utilized Firebase for backend connectivity and storing user data, ensuring seamless data synchronization and high scalability for the application.
- Leveraged React.js concepts such as components, props, state methods to design and implement a user-friendly interface with a focus on performance and reusability.

MYSTERIOUS MUSIC MEDIA | *HTML , CSS and JAVA SCRIPT* | [Link](#)

- Developed a custom music player using HTML, CSS, and JavaScript that allows users to play, change, and stop songs with ease.
- This music player have all the features found in a typical music player. You are able to add, play, pause and seek songs that have been added.

PORTFOLIO WEBSITE | *HTML, CSS, JAVA SCRIPT, NODE JS and React* | [Link](#)

- Designed and developed a personalized portfolio website using HTML, CSS, and JavaScript to showcase professional experience, qualifications, and project work.
- Incorporated ReactJS to enhance user experience and enable dynamic content updates, such as real-time project additions and interactive buttons and resume download feature to facilitate easy access to credentials for potential employers or clients.

LANDLORD TENANT MANAGEMENT SYSTEMS | *JAVA and SQL database* | [Link](#)

- Designed and developed a comprehensive landlord-tenant management system using Java and SQL, facilitating efficient login, booking, and billing processes for tenants.
- Utilized NetBeans to create a user-friendly interface for the system, improving the accessibility and usability for users.
- Incorporated SQL for the backend part of the system, allowing for seamless data storage and retrieval, and enhancing overall system performance.

Experience

UNACADEMY

Feb 2021 – Juyl 2022

EDUCATOR

India

- Educator for Chemistry in the IIT JEE vertical at Unacademy, guiding and mentoring students in problem-solving strategies.
- Designed and delivered interactive and engaging lessons to students to facilitate their understanding of complex Chemistry concepts and improve their performance.
- Developed and implemented customized study plans for students, resulting in significant improvements in their test scores and overall academic success.
